

# Rely on Cretors

for Grilled to Perfection Taste Every Time!

- Digital temperature controls are located on the Grill to ensure product is being held at a safe temperature.
- Digital visual display shows grill plate temperature for accurate readings.
- Unique "Heat 'n Hold" operation allows hot dogs to be held at optimum temperature with little or no deterioration in appearance or taste for several hours.
- Easy to clean. The entire cook surface is easily accessible.
- Reliable. Maintenance and down-time are reduced with fewer parts than roller-style grills.
- Superior heating is provided by a heating element engineered to eliminate cold spots found in other grill designs.
- Sneeze Guards available. Our design allows server to serve from either side of the cooker.
- Warmer is suitable for dry or humidified conditions (sold separately).

Grill Dimensions:  
18.75" wide x 18.75" deep
